

### #1 EHR for Growing Your Private Practice

Trusted by over 60,000 customers, SimplePractice creates software and services for health and wellness professionals. Our EHR empowers clinicians to run their businesses more efficiently, streamlining administrative tasks, enabling regulatory compliance, and improving documentation. The cloud-based platform and mobile app allow professionals to manage their practices securely from anywhere, freeing up their time to focus on their clients instead of administrative tasks.

As the most innovative practice management software available, SimplePractice offers features like paperless intakes, automated billing, free unlimited clients, and more.

### Professional Liability Insurance for Mental Health Professionals

CPH & Associates provides professional liability insurance to mental health professionals across the country. Because our business is specialized, we are able to focus on your liability needs in a way that bigger companies are not. With up-to-date legal resources and exceptional customer service, CPH insures your professional journey beginning with your student practicum, post-masters internship and professional license, protecting your career against a grievance from a regulatory

board, claim, or lawsuit. A CPH policy is tailored to meet your liability needs, including options to add General Liability, Cyber Liability, and coverage for your LLC or corporation. Policyholders have access to our Avoiding Liability Helpline, providing two free hours of attorney consultation per year for situations with a client that could result in a claim or lawsuit. ## Taking the chaos out of your business numbers!

I want you to love your finances, to own up to them, to know everything you can about the numbers in your life and business. Because when you understand it all, you are in CONTROL.

No more chaos. No more fear. No more overwhelm.

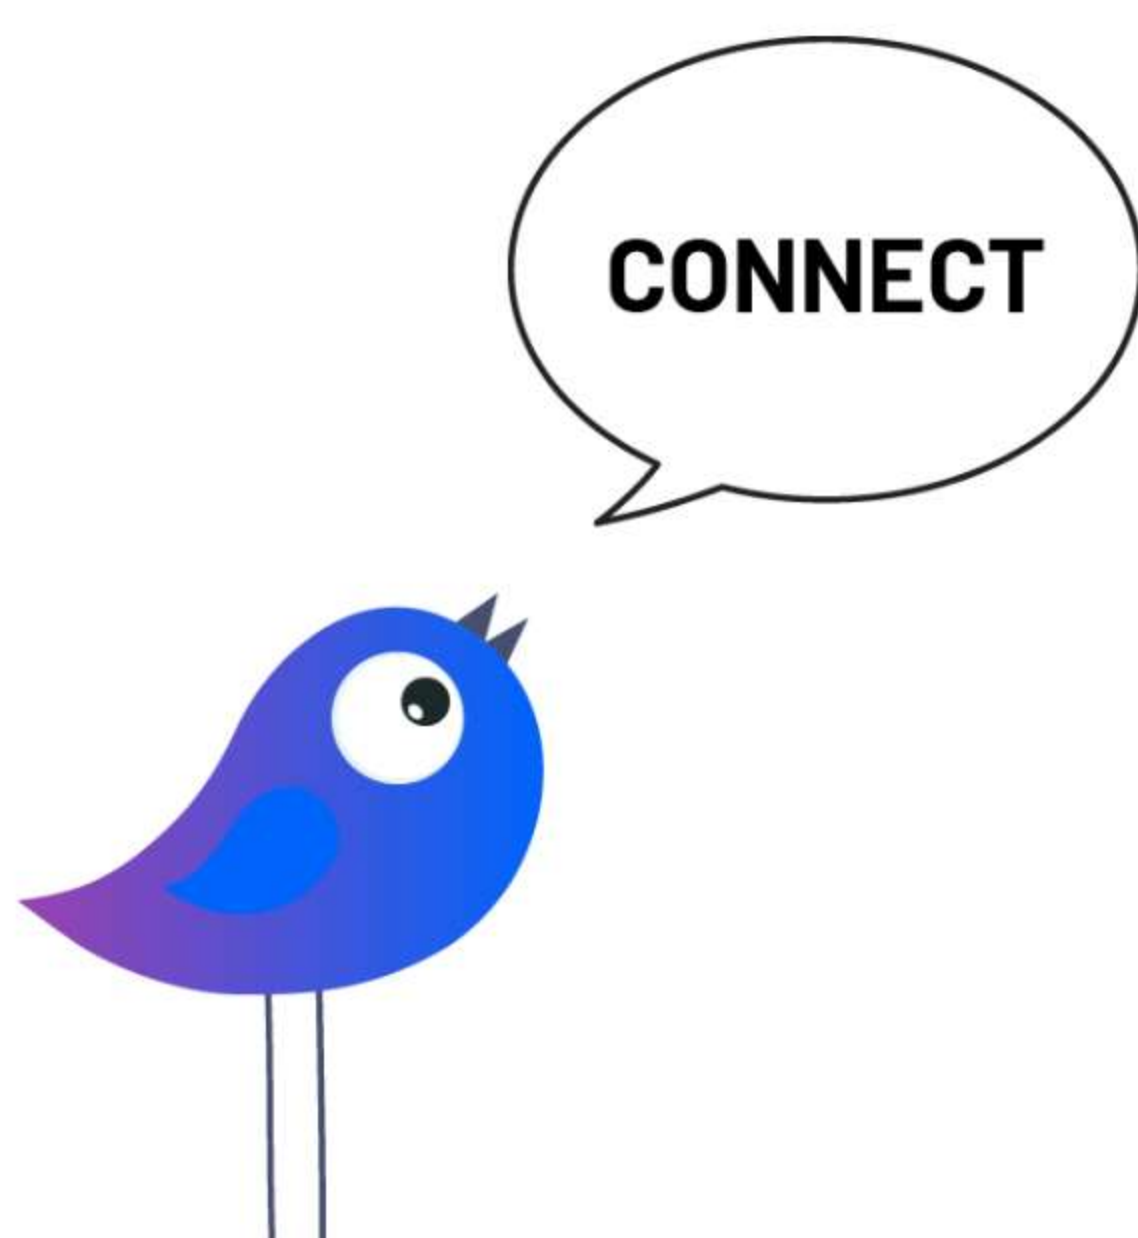

Taxes will no longer be a hated necessity. Budgeting will no longer be a four-letter word. When someone asks, "how much did you bring in last year", you'll be able to answer with confidence.

The point is, you will finally be stepping into the real role of CEO, you will no longer be someone who wishes they knew how to run a successful business.

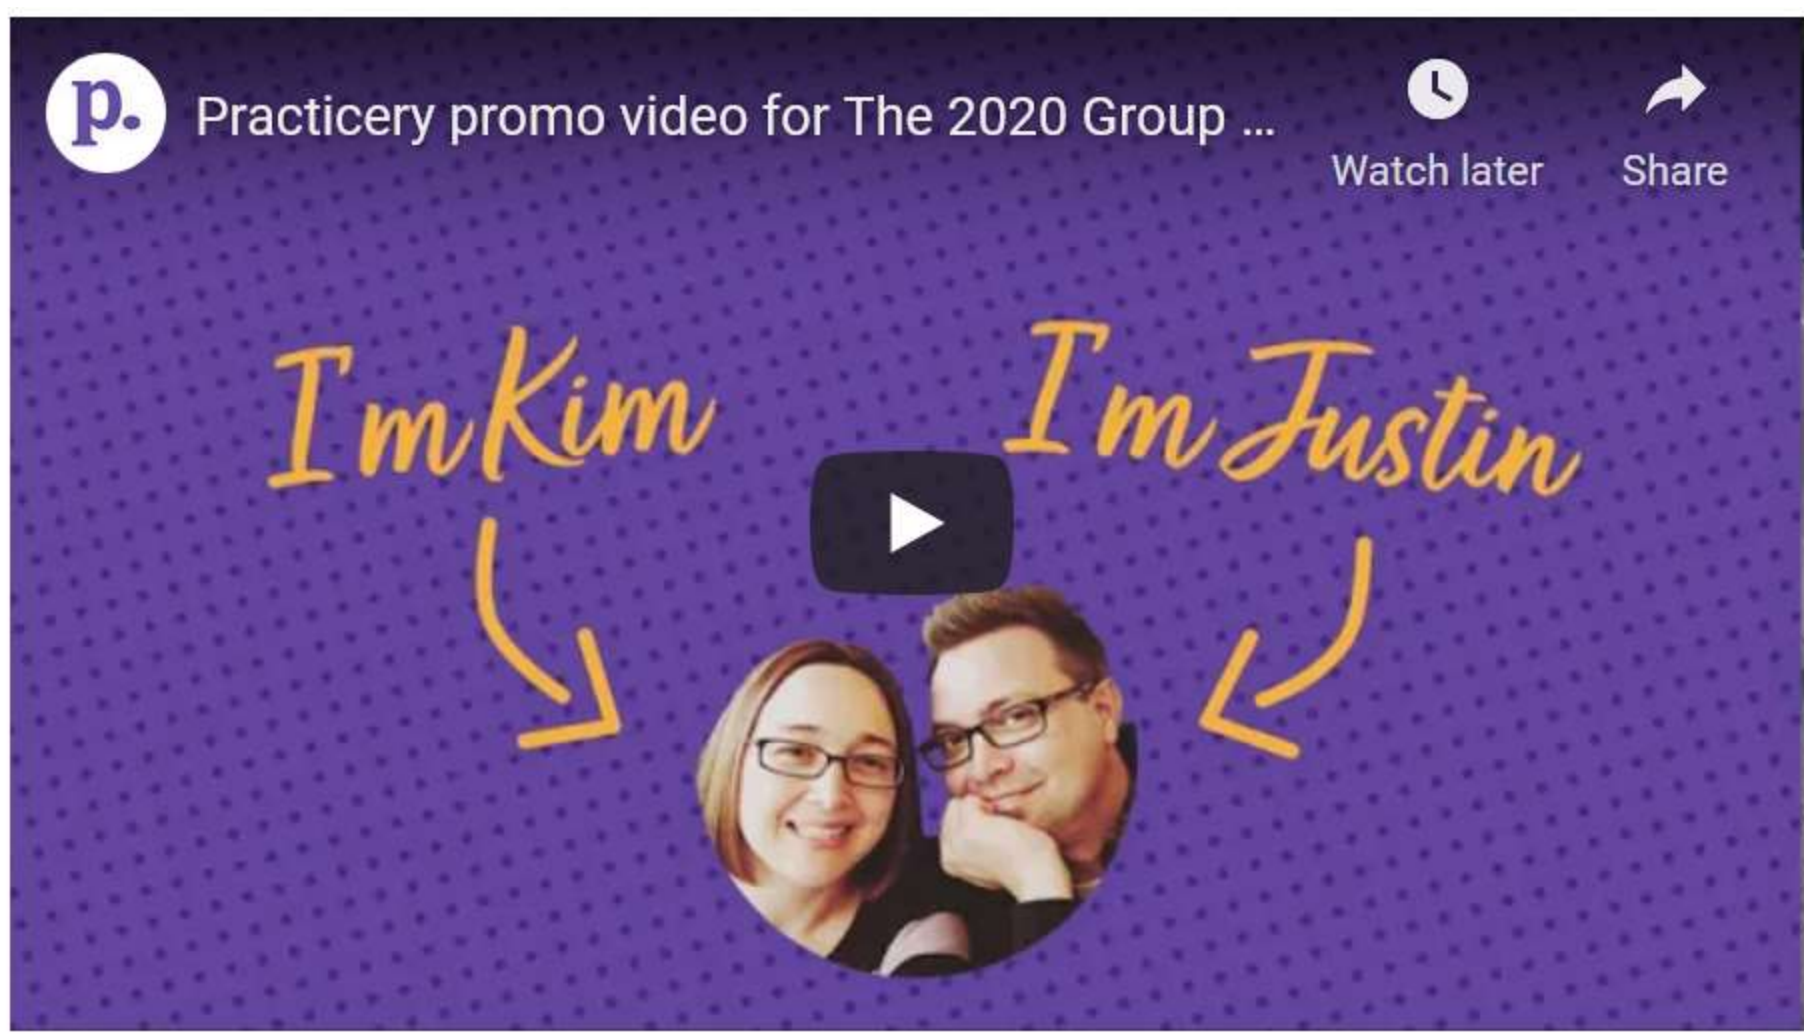

Because that's the one thing that all leaders HAVE to know in order to make profitable decisions for their businesses: their numbers.

That's what I'm here for to help you learn how to manage your money for YOUR business and take control of your finances!

## PRIVATE PRACTICE GRIEF

Trainings for Mental Health Professionals

## Supporting clinicians with concrete tools, strategies and resources to confidently address loss and grief with clients.

Private Practice Grief Training for Mental Health Professionals prepares clinicians to help clients heal from grief and loss with confidence, giving clinicians the tools to assess and evaluate symptoms, psycho-educate and treat grievers.

Using a multimedia format that incorporates video workshops with accompanying Powerpoint presentations, handouts, podcasts and research articles, this training provides relevant and current instruction across different types of loss and types of clients, in a comprehensive approach. Throughout the training, clinicians can access detailed lists of resources to provide clients with additional support in and outside the sessions.

**A Revolutionary Way to School**

Fusion Academy is a private middle and high school where classes are one-to-one: one student and one teacher per classroom. This allows for a completely personalized education experience based on student strengths, interests, and learning style. Our goal is to help our students thrive not only academically, but socially and emotionally as well. We are fully accredited and offer full-time enrollment, classes for credit, tutoring/mentoring, and post-secondary/college counseling. There are over 60 campuses across the country and we offer virtual and hybrid options in addition to in-person learning. Students can start at any time of the year, even mid-semester.

*"Fusion Academy has truly changed our lives. My daughter suffered from school anxiety and school refusal. Since becoming a student at Fusion Academy, not only is she excelling academically but she is excited to go to school every day."* – Stacey S. Fusion Parent
